ANCIENT
TORTUREHow it has Been Revived
in Modern Times.

An ancient method of poisoning criminals was to force them to swallow large quantities of bull's blood. Bull's blood is really no poison at all. Yet the prisoner usually died in agony. This was caused by the coagulation or hardening of the bull's blood in the stomach. The pressure of this solid mass on the heart, lungs and other vital organs almost always resulted fatally.

That's just like indigestion. If your food doesn't digest it remains in a hard lump in the stomach. Gases are formed, which crowd and sometimes actually displace other organs. Many cases of supposed heart disease are due to indigestion. The pressure upon the lungs interferes with breathing. A disordered stomach affects the whole body.

By the use of such a preparation as Kodol Dyspepsia Cure all this trouble is removed. Before food can be assimilated into the system it must be reduced to proper condition by the digestive fluids. If any of these fluids are lacking, perfect digestion is impossible. Kodol Dyspepsia Cure supplies the missing fluids. Stomach troubles can't be cured by dieting. The system demands both a sufficiency and a variety of food. You can't get well or stay well without it. Kodol Dyspepsia Cure enables the stomach to take care of any kind of good food. It renders dieting unnecessary. It digests what you eat. In this way it rests the stomach. This rest soon restores the stomach to perfect health.

Kodol Dyspepsia Cure helps the children too. Weak and sickly little ones thrive on it. It never fails.

"During the last few years my stomach was in such condition that I couldn't retain the food I ate," writes Henry Williams of Boonville, Mo. "Two months ago I commenced taking Kodol Dyspepsia Cure. A few bottles have cured me entirely. I can now eat and enjoy anything I want."

PEA RIDGE.

Mrs. William Tracey is quite ill at her home. We hope she will soon be better.

Mrs. Angravas, of Louisville, is visiting Mrs. Lou Sudduth, at Choateville, this week.

Mrs. Bettie Dennis was the guest of Mrs. Sudduth Sunday.

Miss Myrtle Tracey is quite sick this week. Her young friends hope she will soon be well again.

Mr. and Mrs. Lacefield visited their mother, Mrs. Dudley Lacefield, at the Knobs, this week.

Mrs. Rebecca Crockett and Mrs. Fannie Parrent, of Bridgeport, were the guests of Mrs. Kittie Lacefield last week.

Miss Jennie Lacefield has returned home from a visit to her brother, at the Knobs.

Miss Katie Suter was the guest of Miss Edith Edge one day this week.

Miss Emma Dennis has returned home after a short visit to friends in Frankfort.

We have not heard the result of the election on Saturday last for school trustee, but whoever was elected will not, could not, suit any better than the three we have had, viz: Mr. John Dennis, Mr. John Tracey and Mr. William Crutcher. Under their management we have built a new schoolhouse and bought a nice library for our scholars. A well has been started and we hope it will be finished. All this has been done and no ill feeling has existed among patrons or children up to the present.

The walnut nuts, hickory nuts, wild grapes, persimmons and pawpaws are ripe, and our children have been sick, "not sick enough to feel bad, but too sick to go to school."

No squirrel is better prepared with nuts for winter than they. Their mental faculties may have suffered neglect, but not their physical requirements.

CHAS. B. HANFORD IN "THE
TAMING OF THE SHREW."

A really adequate production of a Shakespearean play is a luxury far from common, yet one of whose appreciation the receptions accorded Charles B. Hanford and his leading lady, Miss Marie Drofnah at every appearance this season leaves no doubt. A succession of ovations has awaited him during his tour this season and the criticisms have been uniformly enthusiastic. Mr. Hanford has earned the confidence of audiences by his efforts as an actor and a producer of plays in the past. He has his first serious disappointment to be charged against him by an audience. His productions have been invariably made on a scale of liberality which proved his determination to the current demand for elaborate stage effects, and yet he has at no time subordinated the serious requirements of dramatic art to mere spectacular effect. His production of "The Taming of the Shrew" is heralded as his masterpiece in the field of Shakespearean drama. The newspapers have accorded it a measure of praise which more friendly intention could not entirely account for, so spontaneous and unreserved have the expressions of approval been.

Mr. Hanford will appear at the Capital Theatre on Saturday, October 17, in "The Taming of the Shrew."

"IT GOES RIGHT TO THE SPOT"

When pain or irritation exists on any part of the body, the application of Ballard's Snow Liniment will give prompt relief. "It goes right to the spot," said an old man who was rubbing it in, to cure his rheumatism. C. R. Smith, Propr. Smith House, Tenaha, Texas, writes: "I have used Ballard's Snow Liniment in my family for several years, and have found it to be a fine remedy, for all aches and pains, and I recommend it for pains in the throat and chest." 25c, 50c and \$1.00 at Paul B. Weltzel's.

GAINED FORTY POUNDS IN
THIRTY DAYS.

For several months our younger brother had been troubled with indigestion. He tried several remedies but got no benefit from them. We purchased some of Chamberlain's Stomach and Liver Tablets and he commenced taking them. Inside of thirty days he had gained forty pounds in flesh. He is now fully recovered. We have a good trade on the Tablets.—Holley Bros., Merchants, Long Branch, Mo. For sale by all druggists.
